# WELCOME

---

Wildlings is a Forest School and outdoor education business in Singapore. We design family days that bring children, parents and colleagues together in the outdoors, with the structure of a thoughtfully built programme and the freedom of nature play.

## Our private nature spaces

We run from two private nature spaces:

Wildlings @ Dempsey is our 1.25-acre site at 27A Loewen Road. It's a wild, natural space exclusively leased by Wildlings. There is a campfire circle, two 63sqm tentage with lighting protection, sports and camping area, gardens, play spaces, and more.

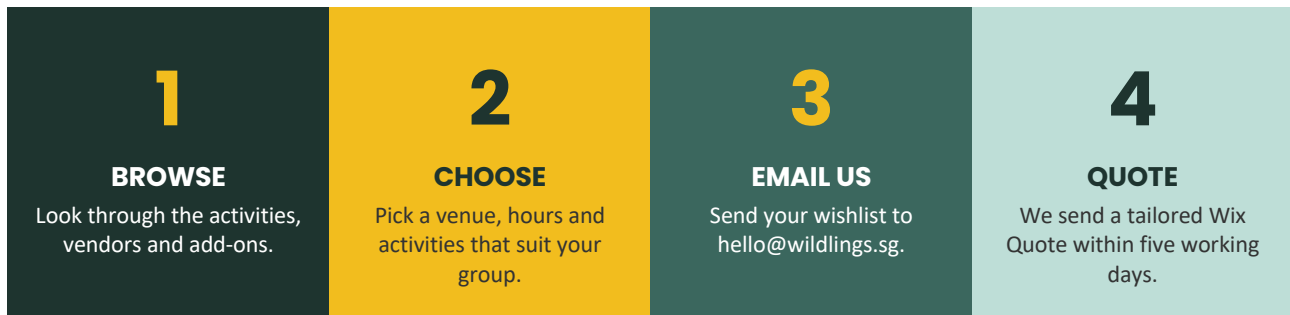

Wildlings @ West Coast Park is set inside the 1.25-acre City Sprouts farm. It includes our 150sqm Eco-Centre, a 150sqm adventure play garden, the surrounding farm and gardens, and access to the 191sqm Community Hall (with lightning protection and air conditioning). Capacity up to 400 with all facilities booked and available.

## Beyond our private spaces

Wildlings can also operate from other locations across Singapore. If you have a space in mind, talk to us. We have run programmes at parks, beaches, schools and corporate sites. We bring the team, the equipment, the activities and the weather contingency.
